

March 27, 2020

Governor Roy Cooper issued an Executive Order for “Stay at Home” for the state of North Carolina on March 27, 2020 (the “Executive Order”) that prohibits travel for non-essential activities in the state. The Executive Order allows for visits to health care professionals for medical services that cannot be provided virtually. Whole Family Chiropractic is categorized as an essential service by the state of North Carolina. Whole Family Chiropractic can keep non-contaminated pain patients out of high-risk physician offices and hospitals. This assists these facilities to focus on those affected by COVID-19 and decreases overcrowding and contamination.

The bearer of this letter either works for or is a patient of Whole Family Chiropractic and needs to travel to/from his/her essential job or appointment. If there is any current government-imposed curfew or travel restriction, we ask that you please allow the bearer of this letter to travel to their clinical site and/or back home.

Should you have any questions, please do not hesitate to contact Whole Family Chiropractic at 919-461-3933.

We thank you for your dedication to public safety and we appreciate your partnership and flexibility in this matter.

Sincerely,

Dr. Debra Bell, Dr. Mark Silvester, Dr. Ashley McGuire

Whole Family Chiropractic
